

A pixelated, black and white graphic of the number 10. The number is composed of large, dark gray pixels with some lighter gray and white pixels interspersed, giving it a blocky, digital appearance. The '1' is a simple vertical stroke, and the '0' is a circle with a small gap at the bottom. The overall style is reminiscent of early computer graphics or a low-resolution digital font.

A 16x16 pixelated grayscale image of a stylized letter 'S'. The image is composed of various shades of gray, from white to black, creating a high-contrast, blocky appearance. The 'S' is formed by a series of connected pixels, with some areas being solid black and others being lighter gray, giving it a textured, almost 3D-like quality. The background is white, and the overall shape is roughly rectangular, fitting within the 16x16 grid.
