

A pixelated, grayscale image of the number 1111. The digits are rendered in a blocky, low-resolution style with varying shades of gray, giving it a retro or digital aesthetic. The number is positioned on the right side of the image, with the first '1' being the most prominent and the others following in a slightly smaller, less distinct manner.

A pixelated, grayscale image of a stylized letter 'G'. The letter is composed of a central body and a thick, irregular border. The border is made of many small, dark gray and black pixels, giving it a rough, hand-drawn appearance. The central body of the 'G' is also pixelated but appears slightly more uniform in tone. The overall effect is that of a low-resolution digital font or a heavily dithered graphic.
